Rome, 2014 november 12<sup>h</sup>

Dear Colleagues,

we are pleased to announce the inclusion of several sessions exclusively dedicated to interesting and challenging cases during Rome CAPVT Meeting scheduled for May 26-27, 2015 in Rome, Italy.

The sessions will contain a variety of urgent, emergent and challenging clinical cases, with or without complication, you have managed related to endovascular intervention or vascular surgical procedure. Case presentations of innovative approaches in many areas of endovascular and/or vascular surgical procedures are also planned.

Several of the cases fall into the following clinical categories and additional categories will be detailed in our Scientific Program (available soon):

- Cerebrovascular Interventions
- Aortic Interventions
- Coronary Interventions
- Abdominal Aortic Aneurysm Repair
- Thoracic Aortic Aneurysms Repair
- Renal and visceral vascular intervention
- Cardiovascular interventions
- Venous interventions

All cases will be reviewed by the Scientific Committee, who will select the most interesting cases for presentation.

Applicants whose cases are chosen will be listed as members of the clinical faculty and have their meeting registration fee waived. All clinical faculty members selected for case presentation will be responsible for their own travel and accommodation expenses.

Please complete the case application form and email to the CAPVT Scientific Secretariat (caput.meeting@gmail.com) for submission to the Review Committee.

Deadline for submission of cases is March 31, 2015.

We look forward to seeing you in Rome!

Sincerely,

Francesco Speziale
